

ENVIRONMENTAL POLICY

In alignment with the United Nations Global Compact (UNGC) and ISO 14001 Standards

1. Purpose

This Environmental Policy defines WWTT's commitment to environmental protection, sustainability, and responsible business practices across all operations, in accordance with the UN Global Compact principles and ISO 14001 Environmental Management System requirements.

2. Scope

This policy applies to all WWTT employees, contractors, suppliers, and operations worldwide, particularly within travel, event management, and logistics services delivered to all clients including UN agencies, NGOs and corporate partners.

3. Policy Statement

As a UN Global Compact member, WWTT upholds the following environmental principles:

- Principle 7 – Apply a precautionary approach to environmental challenges.
- Principle 8 – Undertake initiatives to promote greater environmental responsibility.
- Principle 9 – Encourage the development and diffusion of environmentally friendly technologies.

WWTT commits to integrating sustainability into every aspect of our business, striving to reduce emissions, resource consumption, and waste generation while promoting environmental awareness across our workforce and stakeholder network.

4. Key Commitments

Area of Commitment	WWTT Actions
Climate Change & Carbon Reduction	Reduce greenhouse gas emissions through route optimisation, hybrid/virtual events, and collaboration with low-carbon partners.
Resource Efficiency	Minimise energy, water, and material use in operations and events; prioritise renewable and efficient resources.

WORLDWIDE TRAVEL & TOURISM S.A.L. (WWTT)

Waste Management	Prevent and reduce waste, maximise reuse/recycling, and adopt circular economic principles in event planning.
Sustainable Procurement	Source environmentally responsible goods and services; integrate sustainability into tenders and contracts.
Pollution Prevention	Comply with or exceed all applicable environmental laws and prevent harmful emissions or spills.
Climate Adaptation	Assess risks related to climate change (heatwaves, flooding, extreme weather) in operations and events.
Staff Engagement	Train employees on sustainability, encourage innovation, and promote eco-conscious behaviour.
Stakeholder Collaboration	Partner with clients and suppliers (especially UN and NGOs) to promote shared sustainability goals.
Continuous Improvement	Monitor, audit, and report environmental performance; publish annual UNGC Communication on Progress (CoP).

5. Implementation & Responsibilities

- **Management Commitment:** Senior leadership will set measurable objectives, allocate resources, and review progress.
- **Employee Responsibility:** All employees must integrate environmental best practices in their roles.
- **Supplier Compliance:** Partners and contractors are expected to adhere to WWTT's environmental standards.
- **Monitoring:** Performance indicators will be tracked and reported through regular internal and external audits.

6. Communication

WWTT will ensure this policy is communicated to all staff, clients, and suppliers, made publicly available on the corporate website, and reviewed annually as part of ISO and UNGC reporting requirements.

7. Certification & Review

WWTT achieved ISO 14001 certification for its Environmental Management System. This policy will be reviewed annually to ensure continued alignment with UNGC principles, SDGs, and global best practices.

8. Endorsement
