

LABOUR STANDARDS POLICY

In alignment with the United Nations Global Compact (UNGC), ILO Core Conventions & ISO 9001 Standards

1. Purpose

This Labor Standards Policy establishes WWTT's formal, measurable, and enforceable commitments to protecting and advancing internationally recognized labor rights across all operations and business relationships. It operationalizes the UN Global Compact Labor Principles (1–6), the ILO Declaration on Fundamental Principles and Rights at Work, and relevant Lebanese labor laws by integrating them directly into WWTT's HR systems, supplier management processes, governance structure, and due-diligence procedures.

2. Scope

This policy applies to all employees across all WWTT offices, as well as contractors, outsourced workers, temporary staff, vendors, and suppliers engaged in any part of WWTT's operations.

3. Policy Statement

WWTT is committed to upholding the highest labor standards, embedding the UNGC labor principles across its operations, HR systems, supplier engagements, and management structures through:

- Ensuring that WWTT systematically identifies, prevents, and remediates labor-related risks, including child labor, forced labor, discrimination, unsafe working conditions, and unfair employment practices.
- Translating global human rights obligations into binding internal procedures, with clear roles, responsibilities, escalation mechanisms, and corrective action requirements for managers, employees, and suppliers.
- Establishing a verifiable labor compliance framework used for internal audits, supplier assessments, UN procurement eligibility, and UNGC Communication on Progress (CoP) reporting.
- Demonstrating its capacity as a responsible employer and UN-aligned service provider, capable of meeting the labor expectations of UN agencies, NGOs, international partners, and global supply-chain standards.
- Strengthening transparency and accountability by embedding labor standards into performance evaluations, onboarding, contracting, and vendor selection, ensuring consistency across all WWTT locations and functions.

This policy forms part of WWTT's broader ESG and human rights due-diligence system and is reviewed annually to remain fully aligned with emerging UN, ILO, and regulatory developments.
